**SWARNPRASTHA PUBLIC SCHOOL
QUARTERLY NEWSLETTER**

MESSAGE FROM THE PRINCIPAL....

**Mrs. Rashmi Grover
(Principal)**

Everyone has twenty four hours in a day. But the way you manage it, will make it look like twelve or thirty six.....Or beyond.

There is no established routine that can be told to an individual, nor can you inherit it from your parents or others. Each individual needs to work out his or her own schedule depending upon the immediate, mid-term and long term goals. In short, time management is a skill to manage your time in a way to accomplish your tasks and reach your goals.

Setting and managing goals is the first step. Without goals, one will wander aimlessly and at the end of the day, get a feeling of not accomplishing anything. A set goal will not only steer you in the right direction but will help to focus your strengths in the right direction.

Prioritizing is important and vital. It is simply knowing what is necessary to finish a task and knowing what to do next towards achieving your goal. And have you ever been tempted to defer a task? It is a feeling that can come but should be resisted and managed. After all, not everything can be done at the eleventh hour.

Your time is your time only and you should be in charge to set the schedules, and follow it diligently. Self-discipline is important as you can be your own best judge. Trust me, nothing in the world can match the joy one gets on accomplishing a goal.

Be happy, be at peace with yourself and May God Bless you abundantly

All The Best!

Rashmi Grover

MESSAGE FROM THE VICE PRINCIPAL

The most efficient way to live reasonably is every morning to make a plan of one's day and every night to examine the results obtained.

Good time management skills help students to the utmost level. Students are able to plan ahead, set aside the time they need for projects and assignments, and make better use of that time. It allowed the students to become more organized, more confident, and to deal with studies and extra-curricular events more effectively.
