

# Feedback of Hobby Classes (III-V)

## Topic : Easy Talk!!

As planned, everything went very smoothly. All the sessions were remarkably interesting and productive for the children. The best part was the involvement of teachers, students as well as parents in this activity. Children enjoyed enacting role plays and their mothers and families too participated in the activities by playing the **\*role of vegetable-seller, attending the phone call, Rapid fire question framing game\*, handling different situations** and so on. Apart from giving **self-introduction**, understanding the importance of English in our day to day life, children also learnt to **describe their city** in an informative way. During the classes, children showed improvement in their **expressions, gestures, and pronunciation skills**. Overall, the whole session ended fruitfully by fulfilling the expectations of children as well as parents.

The scrumptious beverages shared with students like choco-cookie shake, watermelon Punch, Mango soda proved to be an icing on the cake.

All the recipes were appreciated by parents and students through various modes.
