1) Dear Ma'am

The work done by Swarnprastha Public School during the unexpected Covid-19 lockdown is awesome! I witnessed a well- planned, well- executed and smooth conduction of online classes. The teachers have adopted the teaching process through technology and have taught the kids too. The time table is followed diligently without any hitch or glitch. The school has ensured the safety of children by creating individual emails for all its students. A big thanks to the teachers for making the classes so interactive and interesting. The mock class tests and the regular notebook work has kept the kids busy and involved. Not just academics, the school has been conducting the extra- curricular activities online too. I feel it's a very good step taken by SPS under your esteemed leadership and guidance. I must congratulate to you and the management for setting a new benchmark. I am totally satisfied and extremely delighted that my child is a part of Swarnprastha. I am sure many new accomplishments are waiting ahead!

2) Good afternoon ma'am

When schools were shut and other learning sources were unavailable due to COVID-19 then online classes taken by teachers of Swarnprastha school were really appreciable. We were worried about the syllabus of our wards but classes taken through google classroom managed the syllabus and interaction between teachers and students was excellent. Proper activities and home work was being provided by the teachers. Even music and physical education classes were being taken with great efforts. Holiday home work and instructions related to it was much clear. PPT's were sent timely and properly. Students were in discipline during the meetings. It was the vision of school authorities and teachers that made teaching -learning process alive during lockdown.

3) We take this opportunity to pay our sincere gratitude for the team of Swarnprastha School Sonapat.

The visionary management, dedicated Principal and hardworking staff is leaving no stone unturned to turn this institute into a citadel of learning.

Our doting son Gurmeet spent 13 years in this school and my daughter Bhavika spent 2 years in this school and as parents we are more than satisfied as they learnt basic of academics along with sports skill. Through various co-curricular activities he learnt various life skills which will be for sure change him into a responsible citizen of 21st century. The way you have been running the school is impressively good and we must say it is because of your efforts and enthusiasm that Swarnprastha is progressing by leaps and bounds. We are sure most of the parents feel the same way. We pay our sincere regards and wish all the very best to the institute of repute.

We do hope that team Swarnprastha will continue to perform this service for the betterment of nation.

Yours sincerely.

5) It's said that "An investment in knowledge pays the best interest." We have been a part of the Swarnprastha family since last fourteen years and so far it is the greatest investment of our life. Our ward has not only achieved academic education here but he was instilled with moral values that are going to help him throughout his life. Whether it is academics or co-curricular activities, the S.P.S family has helped him to excel in all the spheres of life. The school's staff especially the Hon'ble Principal- Mrs. Rashmi Grover has managed the school with such perfection that each and every student comes out with flying colours. Indeed, the efforts from the side of school have guaranteed a bright future for our ward. Thank a lot to the S.P.S family.

11) I really appreciate the attempt of the school and teachers for preparing the e-content and taking the online classes. With the start of online classes, one thing that has become possible is for parents to appreciate the teachers MORE. The way they handle the children and show patience with them to ensure that each child learns is commendable. ***Ms.JyotiGupta- Mother of Chehak Gupta (VIII-A)***

12) This is a distressing time for all of us, and a perfect occasion for me to pen down a note of appreciation for all the teachers at Swarnprastha Public School. The staff is really doing a praiseworthy job by preparing the e-content with detailed explanation with utmost patience and allegiance. I would like to thank each teacher at SPS for her hard work and commitment. Both the academic content and the co-curricular videos keep the students engaged and refreshed. The dedication and devotion of the school touches a chord in my heart and I feel blessed that my ward has such a wonderful set of educators.

Ms. Pooja Kashiva- Mother of NeeravKashiva (VIII-B)

13) Thank you to all the teachers and the school for doing so much for the students in this difficult phase of lockdown. As a parent, I know that a perfect school and teachers are hard to find but for me, all the staff members of Swarnprastha Public School are the best for my child. I appreciate the love and care you provide!

14) As wonderful teachers you may not realize that all good teachers have parental qualities. But as parents, we realize that we don't have exquisite teaching qualities like yours. My son has learnt a lot from all the teachers involved. I would like to thank all the teachers and Principal Madam, Ms. Rashmi Grover for taking the initiative of virtual teaching. Many thanks for your support!

Dr K Ramkumar- Father of Nivesh R (VII-D)

15) It's great to see the hard work and ardor of the staff members at SwarnprasthaPublic School. You made sure that there is no loss of study and fun that the school provides. Thank you to the Principal and all the teachers.

Ms Seema- Mother of Rhythm (VI-B)

16) I am totally satisfied with the e-content and the online classes conducted by the school. I am surprised at the details that the content contains and my child enjoys the classes very much. The new concepts are taught with a lot of persistence and the students are guided time and again to perform well. There is no loss of studies during this period of lockdown as the teachers have kept the students occupied and I am thankful to the faculty for doing such great work.

Ms Sonia Dahiya- Mother of YashikaDahiya (VII-D)

17) I would like to thank the teacher community for the selfless rendering of service for their students. The faculty has been working very hard to prepare the e-content and taking online classes. My daughter enjoys all the classes and never wants to miss any. I am thankful to Swarnprastha Public School for taking such good care of our children. **Ms. Priyanka Gupta- Mother of Kaavya Gupta (VII-D)**

18) My heartfelt gratitude to all the teachers for the hard work and support that they provided to my son, as he is a new admission. Your patience and commitment to teach my child means a lot to me. With your guidance, my son has developed confidence and feels comfortable. I would like to give the school the credit for helping my child grow well. **Ms. Deepti Madan- Mother of Bhoomik Madan (VI-B)**

19) Teaching is often a thankless job, but we can see how the staff here pours their heart and soul into daily lessons. The passion is inspiring! Don't think because you don't hear the words 'Thank You' everyday, we are not grateful to you. Keep it up! **Mr Nitin Sharma- Father of Advika Sharma (VII-B)**

20) Due to COVID-19, this year we are unable to go to school. This is the reason due to which school has provided online classes to the students.

There are many advantages of online education like online courses give students the opportunity to plan study time around the rest of their day, instead of the other way around. Students can study and work at their convenience. These are more comfortable. These are less expensive. It has a huge variety of options. So, online classes are a fantastic option for the students in this difficult time of COVID 19.

21) I would like to thank you and your team for online classes as these are effective for the students under the current situation. I personally feel good as our kids can't escape from studies anymore. Even though in summer vacation school is doing great job by arranging different hobby clubs so that students will improve their skill and use their time efficiently. Hats off to all teachers for their efforts

23) During the unprecedented and unexpected covid-19 lockdown I witnessed a smooth conduct of online classes. The teachers have put in a lot of effort to make the classes interesting and productive. Despite virtual classroom, students were able stimulated enough to participate in all class discussions. The practice tests were conducted on regular basis and notebook work was sent over e-mail. Although I miss the physical presence of my friends but there is nothing I do not like about online classes.

24) My online classes are a convenience for me. They allow me to take additional classes that would have not fit into my schedule otherwise. Online classes have helped me saving time and allowed me to be with my family. These classes also help students to technically explore their skills. Online classes have really helped all the students to study at home even in such a scenario of covid-19 lockdown.

25) Hello Ma'am

I am NikunjSachdeva's mom. Firstly I thank you all for teaching my son with your conscientious efforts by e-learning. I was so much worried about Nikunj's studies before but now he is able to do everything well on his own through e-contents and Google classes held by school. I appreciate your efforts and hard work. Thanks again for everything Ma'am.

26) Good Evening Ma'am.

The experience of online classes was wonderful. The e-content shared by the teachers is a very good way for utilizing time at home. The online classes provides us a perfect background for studying with our classmates. The hobby classes started by the school is a very good experience and we learned many new things in these classes. Therefore I enjoyed studying in the online classes and it is a very good platform for interactive learning.

Thank you. Have a nice day !!

27) Hello everyone,

I am Prabhnnoor kaur of class 12 science of Swarnprastha Public School. We are facing an unprecedented pandemic that the world has seen in hundred years. A set of time table with lessons conducted through the combinations of PPTs and Google classrooms making online learning system effective. I feel very happy to tell you that I am quite satisfied with the online classes. I am taking classes for the subjects Physics, Chemistry, Mathematics, English and Computer Science as an optional subject. The audio and video quality is very good. There are many more features that make work much easier. It helps making a daily schedule maintaining an active lifestyle and creative learning. It did a lot of help to me during the corona outbreak as the schools are shut. While studying online it is like a class discussion going on in school. Now we are in lockdown online classes helps me attain education. I am obliged to Madam Principal and especially thanks to my teachers who are taking pains of teaching us through online classes in such a crucial time and working so hard making beautiful PPTs. Online classes are very helpful as learning now has become much more creative and interactive task for us.

Thank you all.

Prabhnnoor kaur, XII A

28) Everyday you greet your students through a screen

With a smile upon your face

Even though creating digital content

The night before was a grueling race

Money's not your motivation,
It's the love for what you do
You heed the special calling,
To which you always stay true

You go to great lengths,
To ensure your pupils are taught well
We might not be present in the classroom
But the classes are still held on Zoom

We thank you, worthy teachers
For your hard work and effort
You kept the student in us alive
At the cost of your own comfort

We also thank you, dear Prime Minister
For your commitment to keeping us safe from the Corona
Your willpower and tough decisions
Make you a champion in the global arena.

29) Now a days a virus called covid-19,
is affecting many whether elders or teen.
Everything is locked,
So that the problem can be solved.
We miss our school
Life without it is not cool.
I am grateful to my teachers,
You keep your comfort aside
And are always by our side.
You do hardwork day and night
To make the students bright.
Through online classroom
You are helping us to groom
We also thank our prime minister
Who helped a lot
By giving us a positive thought.
One thing that corona has taught,
Is to live happily
With your family!

30) Schools are an essential part of one's lifetime. And choosing the right school for your ward is a hard but important task. A school must create a balance between academics and co-curricular activities, passionate and qualified teachers, helpful staff and up to the mark campus. I personally find all these qualities in the school. The teachers are friendly, helpful and qualified; the staff is ever ready to help and most importantly, plethora of co-curricular and sport activities as stress busters. 22 Acres of lush green campus teach the students to save the environment. Teachers use up to date teaching methods and are devoted to make the students better learners. Life skills and etiquettes are imparted to students from early ages. Different options for streams in classes 11 and 12 allow students to pursue their passion, whatever that might be. All in all, the school is perfect for students of all ages and all interests.

31) Like thoughts are very powerful. They affect our general attitude as such School is the platform for every child to nurturing & development of the personality... It was an "aah ha" moment and I was so glad when I chose Swarnprastha Public School in Sonapat for my kiddos. I have 3 kids. My wards are studying in this school since Sapling and now my eldest daughter is in 11th, my younger daughter is in 9th and my son is in 4th standard. As parents we are satisfied and happy with how our wards have progressed ...The school has growing over the years and I am really proud of the way of facilities are being arranged and expanding...I sincerely admire teachers & staff for the dedication and integrity for school...
