

**SWARNPRASTHA PUBLIC SCHOOL****SESSION 2023-24**

**Dear Parents
Greetings !**

We welcome your child to Swarnprastha Public School! It's always a pleasure to start the journey of the New Academic Session with young children brimming with energy and exuberance.

“The beautiful thing about learning is that no one can take it away from you.”

The students of Swarnprastha Public School performed exceptionally well during 2022-23. At Swarnprastha, we strongly believe in a productive partnership amongst dedicated teachers and the concerned parents. This commitment is the key to achieve the highest potential in our children.

Annual Day cum Fun N Fiesta was yet another achievement of the school where there was an amalgamation of cultural extravaganza and academics.

In the Inter-School STEAM Fest, the students showcased their innovative skills and scholarly talent through their exhibits. To promote scientific and logical aptitude in children, DST Suprabhat Workshop on Aerodynamics was organized.

A Leadership cum Adventure Camp was organised for the students of classes V-XII at Nainital. This trip was a blend of adventure, education, religious fervour, love for nature and delicious food. The school celebrates all important days to create awareness among the students.

SPS has tied with **BENESSE** - a Japanese company for holistic development of children where regular assessment is done for the students. SPS has collaborated with Council of International Schools (CIS) to give an exposure of education in partner schools to make our students global citizens.

Your child's journey in the Academic Session 2023-24, **Team SPS** will ensure that your ward steps out of his/her comfort zone and be the best version of himself/herself. The New Session beginning from Monday, 03 April 2023 will be a year full of adventure, innovation and activities.

I joined this beautiful school as Principal late in December 2022. I am here with a mission to make your child not only bold and confident but inculcate in your child good habits and above all make him/her a good citizen.

Keeping this in mind a spectrum of changes have been planned for the forthcoming session and all of them are mentioned in the School Almanac. **Please take out some time and go through the same thoroughly.**

We are coming up with the coaching classes for **IIT, NEET and CLAT** in this session.

There will be regular **after school sports** classes starting at 4:00p.m. The training for the games will be given by the expert coaches. We are very soon coming up with Horse riding, Archery and N.C.C. scouts and guides programme.

The students will also get an opportunity to go abroad as a part of the school tour during this session.

- Regular school from 03 April 2023 onwards.
- Summer Timings for school

Classes NUR - UKG : 8:00 a.m. - 12:00 noon. (Monday - Friday)
Classes I & II : 8:00 a.m. - 2:30 p.m. (Monday - Friday)
Classes III - XII : 8:00 a.m. - 2:30 p.m. (Monday - Saturday)

- Third Saturday of the month will be off for the students.
- Ensure that your ward attends the school regularly as frequent absence may not help him/her to adjust in the school environment. However, in case of illness, a leave application should be sent to the school in time.
- Let your ward attend the school for the whole day. Keeping the safety and security of your ward in mind, please avoid taking him/her early during the school hours.

We would like to thank all the parents for showing tremendous faith in our school.

Much Regards,

Rohit Panda
Principal
