

**SWARNPRASTHA PUBLIC SCHOOL, SONEPAT**  
**Code-O-Fiesta – 2020(28 Sept -30 Sept 2020)**

**“The more you create, the more you learn.”**

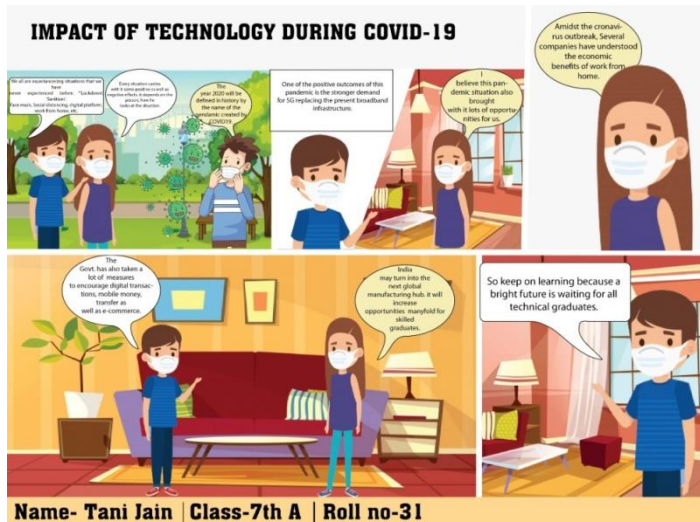

The effective **Use of Technology in Education** has changed the face of education, and it has created more learning opportunities. It enriches the educational experience providing options that can accommodate students in their quest to learn. The Digital programme is a flagship programme of the government of India with a vision to transform India into a digitally empowered society and knowledge economy.

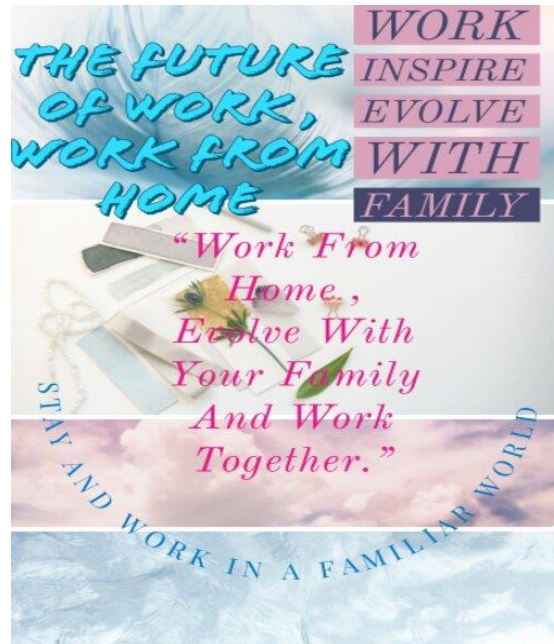

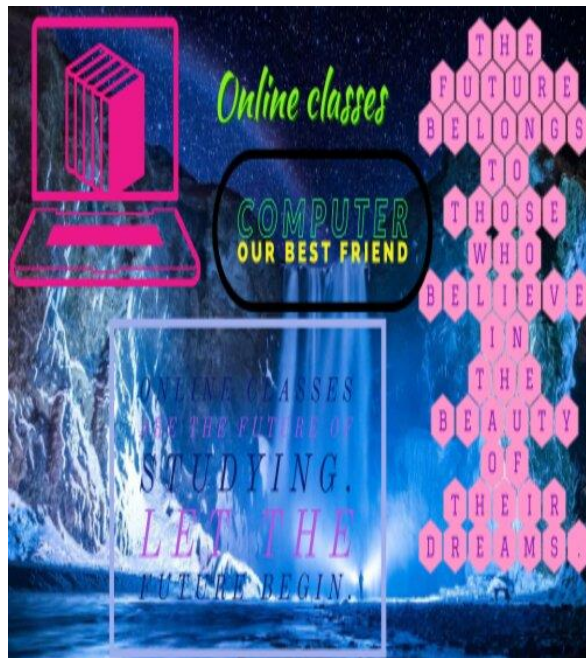

A three-day programme was held in the school creating awareness by organizing various events. The programme was conducted to sensitize their functional digital literacy, cyber security, cyber hygiene and ensure better utilization of Digital Infrastructure. It was indeed a mega event planned by the computer department of the institution.

At Swarnprastha Public School, every year, we welcome and employ technology in distinctive ways. This year we celebrated **Code-O-Fiesta** from **28 Sept to 30 Sept 2020**. Students participated under four different categories – **Tech. Juniors, Junior Coders, Intermediator and Programmers**. Different activities were conducted for the students of classes III-XII like – Sketches in dreams, Creative Web Pages, Fun box, Game designing, Android Player (App designing), Python Charmer ,etc.

More than 200 students participated in the event, which helped them to develop competitive spirit amongst themselves and to update their academic knowledge with technology. The students exhibited their ideas, creativity, imagination, and thoughts through these competitions. The Principal **Ms Rashmi Grover** appreciated the caliber of the students and wished them good luck. It is rightly said, “Technology can change the quality of life”.

**A GLIMPSE OF THE CREATIVE WORK OF OUR STUDENTS:**

**We are sharing the links for a peek into our students' work.**
